# MINISTERS JOIN IN

After Tumult of Hisses, Man Who Denied Christ's Divinity, Is Dropped.

Burman Foster, of the University of Chicago, whose denial of the divinity of Christ in a recent book has stirred Chicago Baptists to a high pitch of resentment, was dropped from the Baptist Ministry's Conference of Chicago

tist Ministry's Conference of Chicago to-day.
Hisses, yells and general confusion made the meeting one of the stormiest ever held by churchmen in Chicago, and it was referred to by one preacher as resembling a political meeting in a rowdy ward.

Speakers who had been howled or hissed down sat with flushed faces while the chairman pounded for order.
The young son of Professor Foster.

The young son of Professor Foster

It's a shame and unfair," he shout ed as he left the hall.

The insistence of Rev. A. C. Dixon. D. D., of the Moody Church, that Professor Foster be dropped for a time brought the fight around to himself, the real object of the meeting being

disregarded for a time.

Rev. D. D. McLaurin, D. D., started the trouble by asking for a committee to investigate Dr. Dixon's right to membership in the conference. This motion was hissed down, and Dr. Dix-on explained that he joined the Bap-list Church in New York.

In for a Hissing.

Dr. M. P. Boynton came in for a hissing when he said:

"We are not going at this matter right. Foster is as good as Myers or any one here, and—"

His voice was drowned. The Myers he referred to is the Rev. Johnston Myers, D. D., one of the chief assailants of Professor Foster.

Dr. Myers attempted to introduce a resolution to drop Professor Foster, venlently arranged. Property in this

Dr. Myers attempted to introduce a resolution to drep Professor Foster, whereat his veracity was assailed by Rev. A. H. Harnley, D. D. "This matter was decided for good and all last week," he shouted. "Dr. Myers promised on his honor that if he did not get his resolution through then he would not again bring it up. Now he is doing exactly contrary to his promise,"

"I deput the statement," responded

Will Elect Delegates to State Convention in Newport News.

Republicans of this city will hold a mass convention at Belvidere Hall on Friday night, for the purpose of secting delegates to the Newport News convention, which will meet on July

28.
C. Ridgway Moore is stated for the meeting. The city is charman of the niceting. The city is entitled to twenty-three delegates, and a like number of alternates, to the State Republican Convention.

State Republican Convention.

It is not known whether there will be any heavy fighting at this meeting, though should there not be, it will be an exception to the general rule. Last year the City Republican Convention was held in the same hall, when it frequently appeared as though there would be personal encounters between members of the two factions on the floor. Postmaster Royal E. Cabell was in the chair, and he encountered many snags as a result of violent opposition to his rulings from the minority, led by several colored members, aided by a few white men, who were on the "outside, looking in."

## Metropolitan Life Insurance Co.

JOHN R. HEGEMAN, President

GREAT REDUCTION OF EXPENSES—INCREASED BENEFITS—LOWER RATES.

In January, 1907, the Metropolitan Life Insurance Company largely increased the benefits in its Industrial policies by reason of a heavy reduction in expenses and improvement in mortality experience.

During the past three years the Company has steadily reduced its expenses, so that it is enabled to make a further increase in benefits. Industrial insurance policies have a unit of weekly premium—three cents, five cents and multiples thereof—and the amount of insurance varies with the age.

All Industrial Life policies (premiums cease after age 74), Endowment policies at age 80 and Adult Twenty-wear Engloyment.

### Policies issued since Jan. 1, 1907, will be increased in benefits about ten per cent.,

according to a new table of benefits adopted for policies issued after July 1, 1909. In other words, not only does the Company issue a new table for policies hereafter issued, but it makes the increase retroactive since the present form of Limited Payment and Endowment at age 80 policies were adopted.

Upon the OLD INDUSTRIAL POLICIES the Company is paying out TWO AND A HALF MILLIONS OF DOLLARS IN BONUSES THIS YEAR, bringing up the total Bonuses and Concessions upon Industrial policies to EIGHTEEN MILLIONS OF DOLLARS IN SIXTEEN YEARS. This is OVER AND ABOVE ANY AND ALL OBLIGATIONS expressed or implied in the policies.

The Metropolitan in its Industrial Department has the lowest Ratio of Expense of all the Industrial Insurance Companies in the world which pay immediate benefits. In FIVE YEARS its

### Ratio of Expense to Premium Income has been Reduced Annual Saving of Three and a Half Millions of Dollars

The Company is abreast of the public demand for combination of term insurance and annuities, and serves the public better than any other agency INDUSTRIAL POLICIES IN FORCE: NEARLY 9,500,000, INSURING NEARLY \$1,500,000,000.

ORDINARY DEPARTMENT

The Company has reduced expenses six per cent. in this Department in the last FIVE years—representing an ANNUAL SAVING OF OVER A MILLION AND A QUARTER OF DOLLARS IN THE ORDINARY DEPARTMENT.

The Company issues policies in the Ordinary Department in amounts from \$500 to \$1,000,000 upon all approved plans at the lowest rates. IN 1908 IT WROTE MORE PAID-FOR BUSINESS IN ITS ORDINARY OLD LINE INSURANCE (exclusive of Industrial), in the United States and Canada,

All of its policies in the Ordinary as well as the Industrial Department are written on the non-participating plan. The Metropolitan pays its dividends at the start—that is to say, it cuts down the premiums. It believes the plain, common-sense men who make up the bulk of policy-holders look for a plain business contract. By plain business contracts we mean those which tell their whole story upon their face; which leave nothing to the imagination, borrow nothing from hope, require definite conditions and make definite promises in dollars and cents.

In both Departments combined the Company has, in each of the past fifteen years written more paid-for insurance than any other company in the world.

The Company upon its Total Business Has in the Last Ten Years Reduced its Ratio of Expenses to Premium Income Fifteen Per Cent.

Journey Through Mountains, Only to Have Their Marriage Prevented.

[Special to The Times-Dispatch.] BRISTOL, VA., June 21.—Through out to-day a large party of citizens of Wise county was searching the mountains for Annie Wolfe, the fourteen-year-old daughter of Dr. G. B. Wolfe, a wealthy citizen of Coeburn, that county, who had eloped with the that county, who had eloped with the fiteen-year-old son of D Culberson, a merchant.

It was the impression of the girl's parents that the couple was hurrying to the Bristol Mecca to be married by

Alfred Harrison Burroughs, and

had been captured at Whites-Ky., and their marriage preented. Miss Wolfe, a very attractive girl,

had just returned from Cleveland, Tenn, where she spent the winter in Centenary College. The elopement was planned during the last few days, and they left the girl's home at 2 o'clock this morning, with a trip of thirty-five miles through the roughest part of the Cumberland Mountains
